

Nathalie Gontard, *University of Montpellier II, France*

Nathalie Gontard is Research Director at INRA (National Institute for Agronomical Research), formerly Professor at the University of Montpellier. She is co-author of more than 140 papers in peer-reviewed journals (h-index 31). She has a strong international experience and was invited Professor at the Kyoto University in 2010. She is the promoter and leader of a team working on food packaging, safety and quality, with a focus on modeling and decision support tools (www.tailorpack.com), biodegradable, active, intelligent materials, nano-technologies as well as wastes and lost reduction of fresh perishable foods. She was involved in numerous international (EU and developing countries), national and industrial projects. Currently, N. Gontard is the coordinator of the EcoBioCAP EU FP7 (www.ecobiocap.eu) and NextGenPack (www.nextgenpack.eu) projects, EFSA expert and editor in chief of “Packaging Research” an open access journal (degruyter.com/view/j/pacres).
